

A Message to our Customers regarding the Coronavirus (COVID-19)

As the global spread of COVID-19 continues and more precautionary measures are taken, we at Ware-Butler Inc. have the health and well-being of our customers, associates, staff, and the communities we serve, as our top priority. We want the public to know that we are currently continuing our daily operations and remain open at all three of our locations (Waterville, Madison, Livermore Falls).

We are monitoring changes as they evolve from the Centers for Disease Control (CDC) and are doing our part to follow their recommendations.

Personal hygiene – Hand washing frequently and for 20 seconds.

Workplace cleanliness – Across our 3 locations we have instituted additional cleaning protocols to give focused attention to all surfaces, shared equipment, and common areas.

Social distancing – Please consider calling ahead. We are happy to pull pre-paid orders and accommodate drive through service. We continue to offer free delivery for larger orders, or come get what you need in our yards, which being outside makes the practice of social distancing easier.

Individual responsibility – Stay home if you are feeling sick.

We are working on staying positive and ask that you look out for one another in your community. Please do not hesitate to contact us with any questions or special requests you may have for sales, quotes, deliveries, or other services.

Thank you,

The Ware-Butler Team
